Research Contents

Message:

In recent years, in response to a request from companies and guardian of the region, with respect to micro-bubble technology and the nature of language education and student guidance, the opportunity to consider new is now many. With Japanese literature research enhancement of the main theme, I will answer as much as possible to the needs of society.

【My research seeds】

○To conduct a textual analysis of the novel, I will pursue the issues related to the modernization of Japan.

○I am to study seeks to develop "logical transfer capability", the Japanese communication skills teaching methods

○Analyzes the social contribution and the spread of micro-bubble technology, I am pursuing a "model" of social practice by microbubble technology.
