

Environmental analysis and metal analysis

Name ITO Shinko **E-mail** shinko-itou@tsuruoka-nct.ac.jp

Status Associate Chief of Engineering

Affiliations Association of Product Development and Management

Keywords Inorganic ion, Drainage analysis

Technical Support Skills

- Studies on a preprocessing method to analyze metal ions in liquid and solid samples.
- ICP-OES (ICP-Optical Emission Spectrometry) or AAS (Atomic Absorption Spectrometry) analyses to determine the metal content of a sample.

Research Contents

Environmental analysis and metal analysis

ICP-Optical Emission Spectrometry

Atomic Absorption Spectrometry

Available Facilities and Equipment
